

With regard to the prioritizing of LPFM stations - understand that would wipe out K-Love and that is unacceptable. K-Love serves me as a resident of a local community. The displacing of K-LOVE would eliminate such positive programming from availability entirely in our area. K-LOVE serves the public interest by being only positive and encouraging while not dictating any prescribed lifestyle. It is useful and informative, as well as uplifting and inspiring. It is the only radio station I and my teenager listen to and I don't ever have to worry about how fast I can turn the volume down for young listeners.
